South Cooking Lake, Rural Strathcona County, AB

Discover the potential of this charming former church building located in the heart of South Cooking Lake. Currently zoned Country Residential, this property offers a unique blend of residential and commercial appeal, making it an excellent investment for a variety of future uses. The building features approximately 900 square feet per floor, offering a total of 1,800 sq. ft. of usable space. While it was previously operated as a church, Strathcona County has expressed a preference for future commercial uses, opening the door to exciting possibilities such as a wellness studio, café, or boutique retail space. Residential conversion is also an option, subject to County approval. With the right permissions, you could create a charming residence or combine residential and commercial functions—such as an Airbnb, a live-work space, or a self-contained basement suite. But keep in mind. You cannot get a residential mortgage without it being converted into a residential layout city sewer at property line
